

Riverside Arts Center Rental Policy

Riverside Arts Center is dedicated to providing rental opportunities to individuals and groups that align with our mission to offer, promote, and nurture dynamic arts and cultural programs through arts education, performing arts, visual and fine arts activities that serve and engage the community in Ypsilanti, Washtenaw County, and the surrounding area. Generally, rentals to individuals, groups and organizations should involve visual arts, performance arts, and other forms of artistic expression.

Community events that do not fall within Riverside's mission will be considered on a case to case basis.

Riverside does not currently accept private event rentals, partisan political, or religious events.
